# "Happily Ever After"

**Can this actually be true  
for YOU and your Partner?**

## Are you feeling stuck?

At Abundant Relationship Solutions we know

- People are wanting more, wanting change, wanting growth, or wanting to get past the blockages in their relationships, that are creating uncertainty, confusion, frustration and even despair.
- There are five stages that relationships need to travel through, and that a power struggle often eventuates at stage two. This is the point where many relationships get stuck. Many fail to get past this, resulting in a total relationship breakdown, before they realize what is actually going on.
- You are not alone in the desire for a greater relationship. Recent statistics prove that the Relationship Profession is the 3rd most sought after help desk in Australia - behind Careers, and Health & Well-Being
- You don't have to be a part of the statistics that show 53% of all registered marriages in Australia are ending in divorce

At Abundant Relationship Solutions we want to see all relationships flourish -
