The Deeper Journey Of "Truth"

OUR TWO MOST POWERFUL INDICATORS OF OUR SOUL CONTRACT

Taurus: The Principled Rock

THE EARLY OPPORTUNITY

Being pushed around or having people want what you own has helped you learn to say “no”, attach yourself to solid principles and develop a stubborn resistance to the influence of others.

THE LIFE WORK

Yours is a powerfully determined energy, and it’s essential for you to have a firm idea of what you stand for. Your sign is the “rock”, the constant upon which others can rely. Productive and sincere, you do your best work in a steady environment of loyalty and integrity, where change is rare and ideally on your own terms. Helping others build solid foundations and sustain their enterprises are two of your talents but don’t forget to ensure your own security and safety and enjoy the sensual pleasures in life without being ruled by them.

10 DESTINY

The right-hand digits of our birth number represent the summit of the mountain

Our emotions tell us who we are - our Soul communicates with us through emotional energy vibrations.

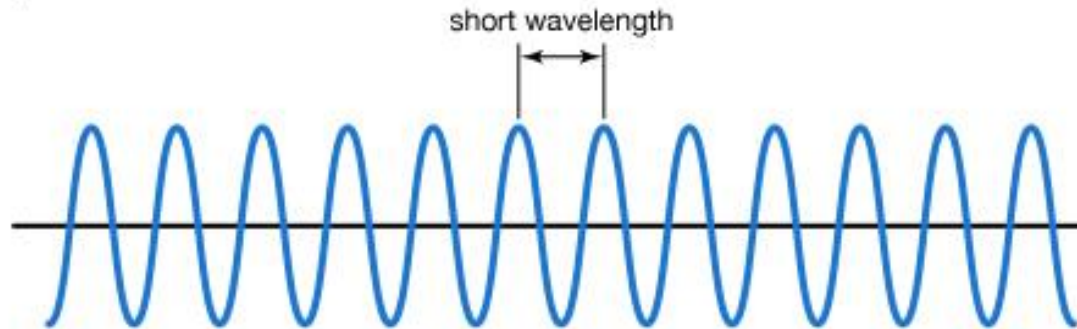

Truth is an emotional energy vibrational communication from our Soul on the Spiritual Plane to our being/spirit/soul on this physical plane - it is something that we feel in our heart/our gut, something that resonates within us

THE FINAL STEP
When you know that you know that you know. Provides the energy to gain from the lesson

Brings light to the situation

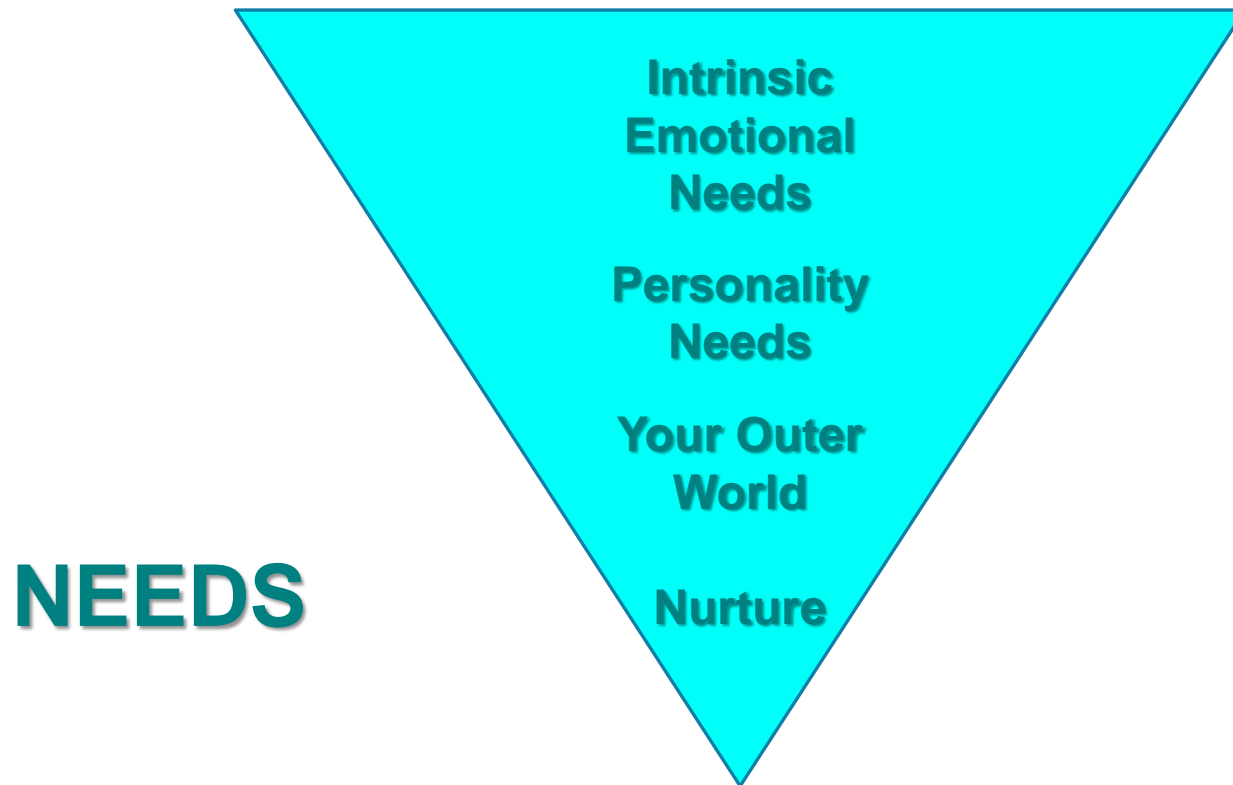

Teaches us that we must let go of the need to control and go inside for the answer.

Provides fuel to start you moving

Awakens us to the fact that we need to move forward.

**Power comes from awareness of energy drain,
Transformation comes from choice**

The Seen – So Below

This is your Energy of your 4 Lower Bodies how connected to your Soul you are determines the available energy for expansion

Our Soul has chosen the Intrinsic Emotional Needs it wishes to express for the purpose of expansion.

Our ego then materialises that need through expressing it in our life,

E.G. If our Intrinsic Emotional Need is acceptance we must give this to ourselves unconditionally

How much energy is accessed for our expansion is dependent how well we master expressing our needs through what we do.
