THE MEANING**

**Your Attributes and Talents
THIS IS YOUR UNSEEN POWER!
How much are you valuing them?**

Power comes from awareness of energy drain,
Transformation comes from choice

**Unseen Power is only seeable by the level
of vibration you are living
Where are YOU on the chart above?**

Don't hold on to the past!

You should never say you have to heal from your past

Your past is the power that gave you the desire to be whole

Don't concentrate on healing the past

Know the Past

Gain wisdom from the past

But don't hold onto the past

Once we recognize and acknowledge what went on in our childhood we are already healed

The healing comes from being reunited

What follows on from that is the ability to use one of your potentials that you lost in creating an Inner Child in the first place

The background of the slide is a close-up, stylized pattern of tiger stripes. The stripes are dark brown and black, set against a lighter brown and tan background, creating a bold, repeating pattern.

REITERATING WHAT TIGER YEAR IS ALL ABOUT

The latter part of the cycle is when the heat turns up and we must start to look at the solutions to the lessons

A woman wearing a colorful striped headscarf and a white lace top is shown in profile, sorting wheat. She is holding a large, woven winnowing basket filled with wheat, and a large plume of chaff is being tossed into the air, illustrating the process of separating the grain from the husk. The background is dark and out of focus, suggesting an outdoor setting at dusk or dawn.

**Before we can achieve a vision we
have to accept that we have to sort
the chaff from the wheat**

**2022 is to be the year
“of extremes”**

Life is
unpredictable.
Expect the
unexpected!

Tiger energies are very focused, determined and geared towards achievement. If you're not used to thinking on your feet – expect the unexpected!

**Tiger years are times of change,
even more so when its a
Water Tiger.**

What is the biggest change have you had to embrace this Year?

The Tiger is the third of all zodiac animals.

In Chinese culture, TIGERS symbolize resilience and strength, even in times of struggle.

Power over evil.

What veil have you lifted that has given you a glimpse of your power?

How are you planning to be courageous for the rest of 2022?

Key to a Successful Year

your life.*

“Our deepest fear is not that we are inadequate, our deepest fear is that we are powerful beyond measure. It is our light, not our darkness, that most frightens us. We ask ourselves, Who am I to be brilliant, gorgeous, talented, fabulous? Actually, who are you *not* to be? You are a child of God. Your playing small doesn't serve the world.”

Marianne Williamson

The Wheel of Fortune is undeniably one of the least human and most cosmic cards in the tarot. When we experience changes in our everyday life, they are merely simpler reflections of the grand cycles and changes that are the fundamental nature of the universe around us. This is why the four creatures are made of stars: they are reminding us of the universal and cosmic nature of the Wheel of Fortune.

When we turn to ourselves, to the consciousness of our Soul, to the Divine consciousness, then it turns to us as well. This happens in parallel, as in a mirror. A vibrational Match

EGO

As much as we are alienated from our Soul and identified with the mind, that much the world feels alien to us, the events are mechanical and random, contrary to our BEing and life, we are that much in conflict with nature and other people, as well as ourselves.
