

The Renaissance
of Unlimited You

Your Unlimited Self is the construct of your Higher Mind not the beliefs of your instinctual lower mind

The Stellar Gateway holds your Monadic Aspect and contains the sum of all your experiences. Your Monad is 12th dimensional. It's your original Divine spark and the true Essence of who you are.

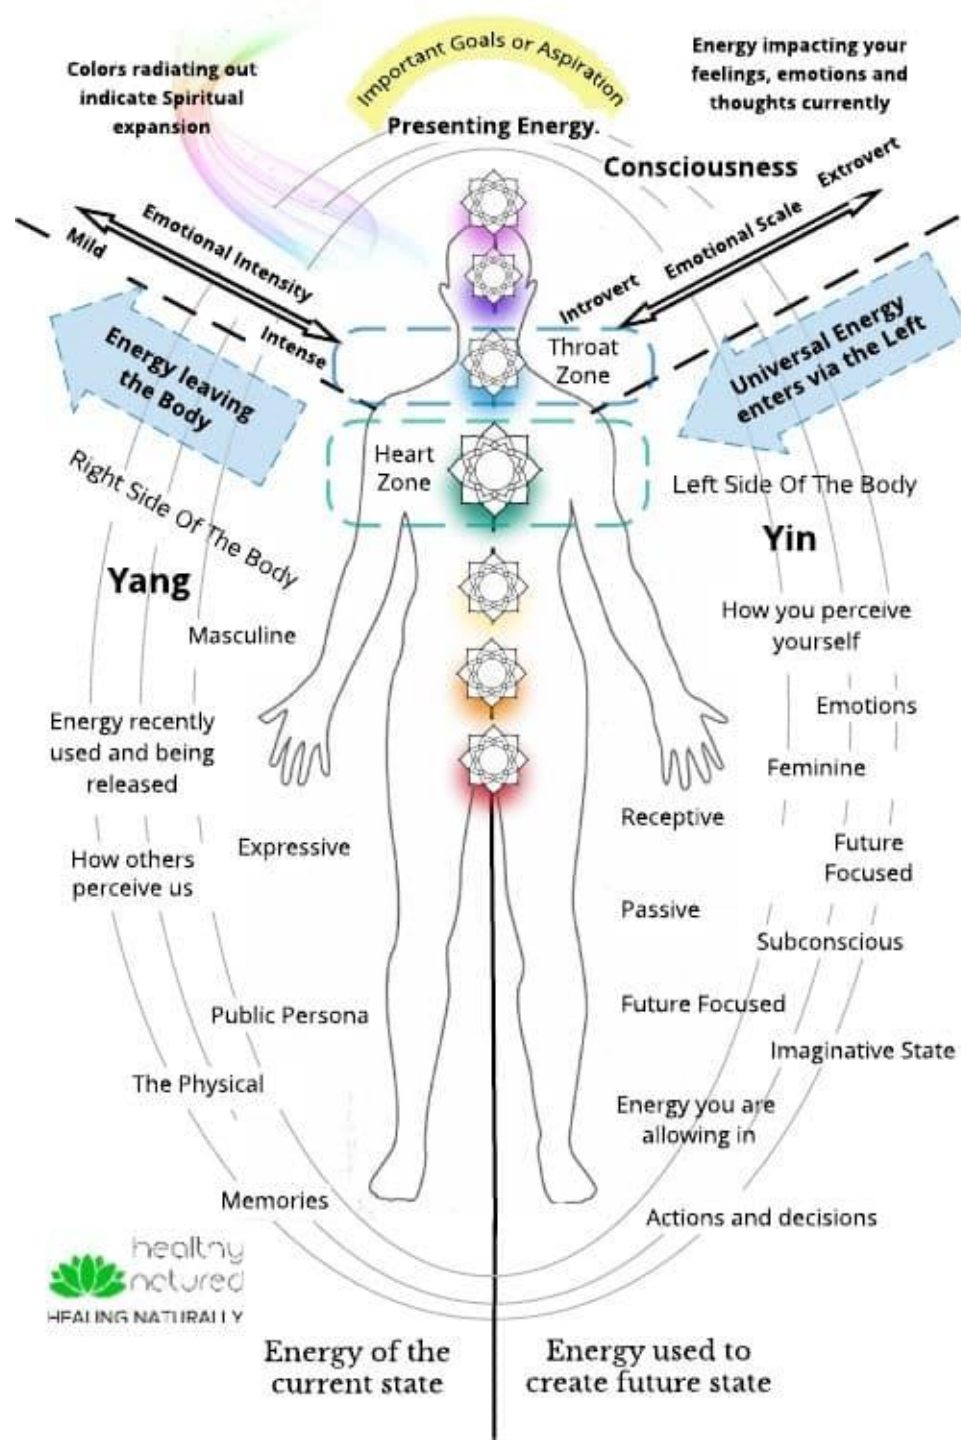

As you become ready to bring this higher energy into your daily life, you simultaneously access Source energy. You experience the Ultimate Consciousness- True Oneness.

Monad is Greek for "unit. The monadic body expresses the unity of the polarities and allows the Soul to manifest itself in the physical body.

~The power, strength and energy we need does not exist somewhere outside of us we must find it and generate it within ourselves ~

Tenth House

Represents:	HIGHEST POTENTIAL
Interacts with:	Fifth & seventh Chakra
Corresponds to:	Capricorn

Pushes you to be all that you can be in your physical world and your Spiritual life

- What is the highest potential of your compassionate self or your generosity?
- What is the highest potential when it comes to empowering another?
- What is the highest potential you can strive for with your talents?
- Your highest potential is what your Sacred Contract is prompting you to recognise and realize
- It is related to the choices you make regarding your Spiritual destiny

The Archetype in this house opens you to deciphering the choices open to you and the quality of your motivation.

The shadow side of your Highest potential is self-sabotage or doubt, or lack of faith.

7 is the Number of Faith.

Unless faith is replaced with fear (which is where a lot of people are at this current time).

In a 7 Year when you sit in fear you become withdrawn, cynical and nervous tension escalates. Be careful of allowing the fear vibration to take over, as you will create a lot of loss.

A lot of things will end this year if you are out of alignment or non-congruent with your thoughts and feelings.

The 6 Universal Year's Message was "Acceptance is the key."

Without acceptance of what was, we cannot create a Vision for what is to come.

Both the 6 and Tiger demanded that you take responsibility for your choices.

What has happened has happened. It is in the past. There is nothing you can do to change it. You can, however, change your perspective of it. Chose to see the past as a learning process. The past does not have to define who you are. Accepting that it has occurred without passing judgement on yourself will allow you to release it and move forward.
